

How to use EDAS?

1. Login at the ICON-SONICS 2017 EDAS Login Page: <http://edas.info/N23251>. The paper registration page will be displayed showing the different tracks that are available.
2. For those who do not have an EDAS account will need to create one. It would be better to not use email with alias gmail.com or yahoo.com.
3. Click on the track that is appropriate for your paper.
4. Enter the title of your paper along with appropriate keywords. Select the appropriate category (topics) for your paper.
5. After you press the submit button, a new page will be displayed confirming the registering of your paper.
6. At the bottom of that page you will find a yellow-green icon () that you need to click to upload your full-paper.
7. The uploaded file will be checked for compliance with the required format. In case of a problem, you will be asked to modify the format and resubmit.
8. Your paper will be reviewed and the decision about acceptance (along with instructions on camera-ready full paper submission) will be communicated to you by 01 April 2017.
